Hampton Great Whites Swimming Club aims to promote competitive swimming and to train young swimmers of all ages to a high standard. All club teaching and coaching methods are devised with these aims in mind and all swimmers are taught appropriate techniques to achieve their maximum potential. Although the Club is ambitious, it is our aim to develop swimmers without undue pressure, in a friendly, fun and supportive environment.

The club believes that all its members – swimmers, coaches and parents – should feel strongly that they are an important part of a club with a strong team spirit, working together and supporting each other to reach new levels of achievement. It is encouraged that members achieving the necessary standard will take part in the swimming Club teams in a variety of events. Swimmers should be eight years or older and be able to swim at least 400 metres and familiar with all four swimming strokes.
